<sup>1</sup> Participants of the PDW will be informed in time to bring “a special material” from their country that symbolises their promoting role in eTwinning (photos, eTwinning memorabilia etc.). This special material is to be placed/hanged/sticked on a specially created Banner for the European Network of eTwinning Ambassadors - an intercultural, collaboratively created collage for ENA!

<sup>2</sup> A practical outcome of the PDW could be the planning and the design materialization of some eTwinning Groups from the participants. Such work could also act as feedback for the ambassadors to work on their ideas in the future.

<sup>3</sup> The “six thinking hats” method by de Bono used for this session
